Hobbies

Experience

Digital Artist

2004 - Present

My artwork has been featured in art shows and galleries across North America. I have designed digital art to be printed on canvas, photography paper, and laser-etched into plexi-glass

Airbrush Artist

2001 - Present

I airbrush mixed media art including vehicles, windows, tiles, metal, and wood

Art Instructor

At Home, Online, and in Elementary Schools 2006 -Present

I have taught both adults and children art theory, composition, character creation, still life drawing, shading, crosshatching, painting techniques, and contour drawing. Currently I run guided drawing sessions from my website.

Education

Adobe Illustrator CC - Essentials Training Course

Udemy Online

2019 - 2020

This course demonstrated how to create logo designs, icons, characters, textures, text-based graphics. illustrations, and general graphic design skills

Adobe Illustrator CC - Advanced Training Course

Udemy Online

2019 - 2020

I learned how to animate my own GIFS, depth and perspective, make quick color adjustments, create mesh gradients, create UI designs for a website, create #D icons, and make charts and graphs

Adobe Photoshop CC - Essentials Training Course

Udemy Online

2019 - 2020

This course demonstrated how to create typography, create distorted images, create posters, and combine photographs

Adobe Photoshop CC - Advanced Training Course

Udemy Online

2019 - 2020

This course taught Type Painting, retouching, advanced healing, cinemagraph creation, mockup techniques, and how to bend, distort, and how to reshape images

Adobe InDesign CC - Essentials Training Course

Udemy Online

2019 - 2020

This course taught me how to create business cards, flyers, brochures, tables, newsletters, and tables

Character Art School: Complete Character Drawing Course

2019 - 2020

I learned how to draw people and character designs professionally, drawing for animation, comics, cartoons, manga, and games.

Graphic Design Technology

CDI College

2019 - 2020

I studied Adobe applications (Photoshop, Illustrator, InDesign, Dreamweaver, Premiere, AfterEffects, Acrobat, Bridge), as well as color theory, design fundamentals, typography, layout, and social media marketing.

University of Calgary

2006

In this drawing class I studied techniques for still life, portraiture, 3D art, lighting, texture, and worked with models on projects.
